## INTRO

**C-Cmaj7 x4**

**C** **Am-Am?**

We simply haven't got the time

**F** **C-Cmaj7**

To make war against our own

**C** **Am-Am?**

And when it comes to being kind

**F** **G**

Something for which we're better known

Look at our monetary form

Where rewards outstrip the gains

And when our citizens get old

We all share in the pain

**F** **G**

On Arcturus

**Am** **F**

You will never be alone

**F** **G**

Oh, Arcturus!

**C-Cmaj7**

You're my home

On Arcturus we have all

To master our own destinies

And as for objectivity

We see the forest AND the trees

You're likely to find everything

You need for a substantial life

And if we're lacking anything

It's all the suffering and strife

On Arcturus

You can flourish, you can be

Oh, Arcturus!

You're for me

On Arcturus

You're the fashion, you're the fun

Oh, Arcturus!

I'm your ever-faithful son

Sweet, fair Arcturus!

You're the one
