Sidewinder

Sidewinders slither in the night, trying to find any one they can tell, tell how they fell
Sidewinders get caught stealing, everything that makes them feel good inside,
they steal it from you and hide
they steal it from you and hide

Sidewinders they always, they seem to feel the same thing that you are feeling,
when your down and out
when your down and out

Sidewinding through a world, that never really feels that you're even here, they
don't care if you're near

Sidewinding through a world, that doesn't really care if you were even really
here, they don't care if you're around, they don't care if you're around

(March- Drum Cadence)

Sidewinders making you feel like you never knew anyone that was quite as good a friend,
Was quite as good a friend....

Sidewinding, he's finds you,
Sidewinding, he knows you
And he's never gonna start moving... letting you in, he keeps on cruising by

Sidewinder knows where you're going, he watches you at of the corner of his eye
He watches you fly by.....
